

Handball is a team sport. Two teams of 7 players (including a goalkeeper) use their hands to pass the ball to each other with the aim of throwing the ball into the opponent's goal to score. Players can bounce the ball to dribble, but can only make 3 steps when holding the ball.

throw	receive	aim
space	catch	power
control	support	

STEPS TO SUCCESS

These are the skills I need to achieve success in LKS2 Handball:

To pass/send a ball with increasing accuracy.

To move with the ball keeping it under control.

To pass the ball over different distances.

To dribble when under pressure.

To defend by marking.

To play handball games against others.
