

## Modern Foreign Languages

### **Key Stage 2 German**

In Youlgrave, All Saints' C of E (VA) Primary School, children in KS2 classes receive an hour of German each week, following a curriculum that has been devised to equip them with 'basic holiday German'.

### **Teaching and learning styles**

In Year 3 they are taught how to introduce and talk about themselves and their family.

In Year 4 they learn about pets, holidays and the weather, food and how to order in cafes.

In Year 5 they find out about the house, school, sports and pastimes.

In Year 6 they discover about buildings, transport, directions, time and recap their knowledge.

So over the four-year course, children gradually build upon their understanding of the mechanics of the language; and begin to understand and speak simple German.

### **Secondary Education**

As predominately our children transfer to Lady Manners School for their secondary education, their language department have requested that our children join them with a wide vocabulary and a good pronunciation which is our focus.
